Site Summary

The building was constructed in 1957 and served as the Town library until the Town Hall/Library opened in 2001. The building was most recently used for martial arts instruction for children. The lot is adjacent to both the Reid House and the Phillips House, both of which are designated local historic landmarks.

The applicant proposes to reuse the structure and parking with no change to the parking area. A new patio is proposed along John Street while new landscape screening is proposed adjacent to the Phillips House property. The crepe myrtle trees along Library Lane are proposed to be removed.

The building will be updated with new wood siding, paint and a roll up door on the front façade.
