Mary Jo,

This is to confirm that on behalf of Christlife Church I am requesting their Application For Change scheduled for consideration at the June 8 public hearing be continued to the next scheduled hearing date of July 13. The representatives have been uncomfortable scheduling their community meeting now given the current pandemic situation, and they will feel more comfortable scheduling the community meeting in late June. I have copied both Danny Ziozios and Dave Taylor on this email, and they will be persons conducting the community meeting next month. We will provide you the required documentation for this meeting after it is completed.

Please contact me if you have any questions. Thank you.
