Harrisburg, NC 28075

STATE OF NORTH CAROLINA
DEPARTMENT OF TRANSPORTATION

ROY COOPER
GOVERNOR

JAMES H TROGDON, III
SECRETARY

February 19, 2018

RE: Geotechnical Investigation – U-4714A and U-4714B - SR 1009 (John Street - Old Monroe Road) from SR 3448-SR 3474 (Trade Street) in Matthews to SR 1377 (Wesley Chapel-Stouts Road) in Union County

To Whom It May Concern:

This letter is to inform you that the Division of Highways Geotechnical Engineering Unit or its representatives will be working on or in proximity to your property over the next several months. The purpose of this work is to gather subsurface information to assist in providing construction recommendations for the proposed aforementioned roadway project. Soil borings will be performed along the project resulting in 3- to 6-inch diameter holes. These holes will remain open, but covered, for 24 hours, at which time they will be backfilled.

Access to properties is provided for under *NC General Statute 136-120, entitled "Entry for Surveys"*. Should you have any questions or comments, or if I may be of further assistance, please do not hesitate to call, write or email me. Our office hours are from 7:30 a.m. until 4:00 p.m. Monday through Friday.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin B. Miller".

Kevin B. Miller, PG
Regional Geological Engineer
