Agenda Item: Public Improvement Variance – Four Corners P1 LLC Minor Subdivision

TO: Town of Matthews Planning Board
DATE: January 20, 2021
FROM: Robert Will, Senior Planner

Background/Issue:

- Four Corners P1, LLC is requesting a public improvements variance to remove the curb and gutter requirement for the minor (9 lot) subdivision to be located on Lakeview Circle as well as the requirement for the multi-use path (MUP) and sidewalks based on logistical challenges for this section of Sam Newell.

- According to the UDO (section 155.707.D.7), developers are required to construct bike facilities that are separate from motorized vehicular travel lanes if the facility is indicated on town adopted bike and ped plan and comprehensive transportation plans.

- Pursuant to section 155 707.C.4.d of the UDO curb and gutter are required for all streets and shall conform to town standards. There is currently no curb and gutter along this stretch of Lakeview Circle or Sam Newell Rd.

Proposed Solution

- Both Public Improvement Variances are appropriate based on both the lack of developed area surrounding the site and the dimensions of the property. Staff recommends approval of both variances. Additionally, the proposed subdivision on only 9 lots and does not propose any new streets or other public infrastructure.
